

Cover Letter: René Bon Ćirić

AI/ML Infrastructure Engineer | MLOps Specialist

To the Hiring Manager,

As a Red Hat Certified Engineer with two decades of experience architecting mission-critical systems, I have dedicated my recent career to building high-performance, scalable, and resilient infrastructure for modern AI/ML applications. My expertise in Kubernetes, Ceph, and automation, combined with hands-on experience in the full LLM lifecycle, positions me to deliver immediate value to your team.

My value proposition bridges cutting-edge AI development and production-grade operations. I create resilient, scalable, and automated environments that enable AI/ML teams to deploy, monitor, and iterate on models with confidence. Additionally, I specialize in comprehensive documentation using Sphinx, ensuring projects are maintainable and knowledge is transferable.

I am eager to discuss how my unique blend of deep infrastructure expertise and practical AI/ML deployment skills can help you achieve your goals.

Sincerely,

René Bon Ćirić (Renich)
